**RESPONSE TO FURTHER
NOTICE OF NON-COMPLIANT/NON-RESPONSIVE AMENDMENT**

This is Applicant's response to the Notice mailed July 21, 2009 asserting that Applicant's preceding submission was again non-responsive and/or not fully responsive to the February 8, 2005 non-final Office Action. Given the present ambiguity as to what has, in fact, been entered into the case in terms of claim amendments, specification amendments, and arguments due to all of the Notices of Non-Compliance/Non-Responsiveness that have been issued, pursuant to the Examiner's recommendation, this submission is being made assuming **no** prior amendments have been made to the claims or specification.

Specification changes begin on page 2 of this paper.

Listing of the claims begins on page 5 of this paper. This listing of claims replaces all prior versions and prior listings of claims in the application.

Remarks begin on page 7 of this paper.
